Southwest Science Writers Association

Logo Contest

Help! We need a logo!

We are Southwest Science Writers Association swswa.org. We are science communicators from all over the Southwest who meet for professional development.

The Southwest is important to scientists for its ecology and natural resources, and is also well-known for the basic science and national security research that takes place in the region. SWSWA aims to search out and unite those who communicate the broad range of science that is done in our region.

Prize $300

Contest opens August 1
Logos due; Online voting begins September 14
Contest closes October 1

Please see more details on swswa.org/logo-contest or upload your entry at https://forms.gle/YtykCBd3WjgLVovE7
Please email mjheil@gmail.com for more details on the contest.
